Tropical pasture and livestock development—Australian opportunities in the ASEAN region—P. C. Whiteman 1

Initial evaluation of *Stylosanthes* species on two soils of the Mayvale land system, north-west Queensland—T. J. Hall 9

Productivity of *Leucaena leucocephala* in the wet tropics of North Queensland—R. Ferraris 20

Stylosanthes capitata Vog., some agronomic attributes, and resistance to anthracnose (*Colletotrichum gloeosporioides* Penz.)—B. Grof, R. Schultze-Kraft and F. Muller 28

The performance of *Stylosanthes guianensis* accessions at two sites in coastal north and central Queensland—J. G. McIvor, H. G. Bishop, B. Walker and M. T. Rutherford 38

Munkolo (*Rhynchosia sublobata*), a promising pasture legume for Zambia—R. Q. Craufurd and W. H. Prins 45

Relationships between soils, current nutrient status and persistence of Greenleaf desmodium at Tinana in south-eastern Queensland—G. E. Rayment, B. L. Compton and R. C. McDonald 53

Mineral nutrition and persistence of lucerne on the granite belt of south-east Queensland—N. M. Clarkson and C. S. Andrew 75

Chemical control of *Eucalyptus largiflorens* saplings on grazing lands—J. A. Robertson 82

Cold tolerance of *Stylosanthes* species—J. B. Brolmann 87

Seasonal changes in nitrogen and phosphorus concentrations and *in vitro* digestibility of *Stylosanthes* species and *Centrosema pubescens*—J. G. McIvor 92

The occurrence of *Colletotrichum* spp. on *Stylosanthes* spp. in Florida and the pathogenicity of Florida and Australian isolates to *Stylosanthes* spp.—Jillian M. Lenné and R. M. Sonoda 98

The effect of seed inoculation with *Colletotrichum* spp. on emergence, survival and seedling growth of *Stylosanthes hamata*—Jillian M. Lenné and R. M. Sonoda 106

Soil fertility studies for pastures in the Mackay wet tropical coast of Queensland—B. Walker, P. C. Kerridge and A. A. Webb 110

Breeding performance of Hereford cows grazing tropical pastures at Beerwah, south-east Queensland—T. R. Evans and J. Biggs 129

Evaluation of herbage species for hill land in the drier zones of Viti Levu, Fiji—I. J. Partridge 135

Accuracy of quantitative methods used for the botanical analysis of oesophageal fistula samples—Janice W. Marshall and V. R. Squires 140

Page

Cool season productivity of five tropical grasses in a high rainfall area of south-east Queensland—H. Ostrowski and M. F. Fay 149

Improved pastures in the Thai highlands—L. Falvey and A. Andrews 154

Improvement of Nadi blue grass (*Dicanthium caricosum*) pastures on hill land in Fiji with superphosphate and Siratro: Effects of stocking rate on beef production and botanical composition—I. J. Partridge 157

Nitrogen fixation and transfer in tropical legume-grass swards in south-eastern Queensland—C. Johansen and P. C. Kerridge 165

The effect of heat treatment on hardseededness of *Stylosanthes scabra, S. hamata* cv. Verano and *S. viscosa* CPI 34904—M. A. Gilbert and K. A. Shaw 171

Technical Note:

Forage cultivars released for use in Queensland—A. G. Eyles 176

PROCEEDINGS:

Management of pastures and cattle in the wet tropics; field tour of the Central Coast Section in the Northern Tropics, April 17–20, 1978 64

Care of horses' grazing pasture; field meeting of the Central Coast Section held at Mackay, November 25, 1978 124

Developed coastal forest lands—where to from here; field meeting, Gympie, April 27–28, 1979 179
